Experience

Freelance Web Developer
February 2019 — Present
Brooklyn, New York

Independently developing, testing, and launching beautiful and engaging websites and content for a variety of clients in the arts and media space, including Capacity Studios, the Museum of Contemporary Art in Detroit, Apartamento Studios, Andrew Zuckerman, and Slowdown Media.

BBH New York / Interactive Developer
August 2014 — January 2019
New York, New York

Front-end web development primarily working with HTML, PHP, CSS/SCSS, and Javascript to make web-based interactive content for clients across a wide array of industries, including trends, hospitality, fashion, and luxury brands. Worked in small creative teams to make websites of varying scales using Wordpress and other platforms to deliver digital experiences to any device.

Brandlogic / Web Developer
June 2012 — September 2013
Rochester, New York

Front-end web development for custom microsites, maintained websites using in-house CMS, wrote data export scripts, and created data visualization tools.

Rochester Institute of Technology
May 2014

BS, New Media Interactive Development
Minors in Music and Technology, Visual Culture

Skills and Tools

React, Redux, Gatsby, Next.js, HTML, CSS, SASS, Javascript, Typescript, Sanity, GraphQL, Wordpress, PHP, Git, Vagrant, Netlify, Mailchimp, Amazon Web Services

Projects

capacity.gg

The portfolio site for the gaming-friendly digital agency, Capacity. A heavy emphasis was placed on animations and effects to compliment the studio's visual style. Built with Gatsby and Sanity.

theguide.art

A cultural reference updated multiple times per day to provide visitors with exhibitions, performances, and events in the arts. It is statically generated and powered by Gatsby, Sanity, and Netlify.

timesensitive.fm

The home of Slowdown Media's content-rich and experiential podcast Time Sensitive, built with Wordpress.

superflowerstudio.com

An ecommerce platform built to showcase and sell a new line of designer wallpaper with many features to show off the line's image-heavy nature.
